Healthcare Surgery Sink made with Corian® Solid Surface

Created and produced in Sweden

designed with

CORIAN®
SOLID SURFACE

Surgery sink system 00

The sinks are intended for use in operating theaters and laboratories where the highest demands are placed on hygiene and function. They are available in 1, 2 and 3 sinks that are placed directly against the finished wall with simple connection of the pipes. Round shapes make the cleaning easy. The washbasins are made of Corian® Solid Surface in Glacier White colour. The brackets are made of stainless steel. OV 00 has a small rounded wall wrap for easy cleaning.

Assessed in Sunda Hus
Environmental Data

	1 sink	2 sinks	3 sinks
	OV860GW-00	OV1720GW-00	OV2580GW-00
Width	860 mm	1720 mm	2580 mm
Depth	6 50 mm		
Hight (sink)	270 mm		
Depth(sink)	~140 mm		
Material	Corian® Solid Surface (Glacier White) and stainless steel		
Weight	~1,70g/cm3		
Static load	150kg		

* Taps and other equipment such as dispensers are optional equipment.

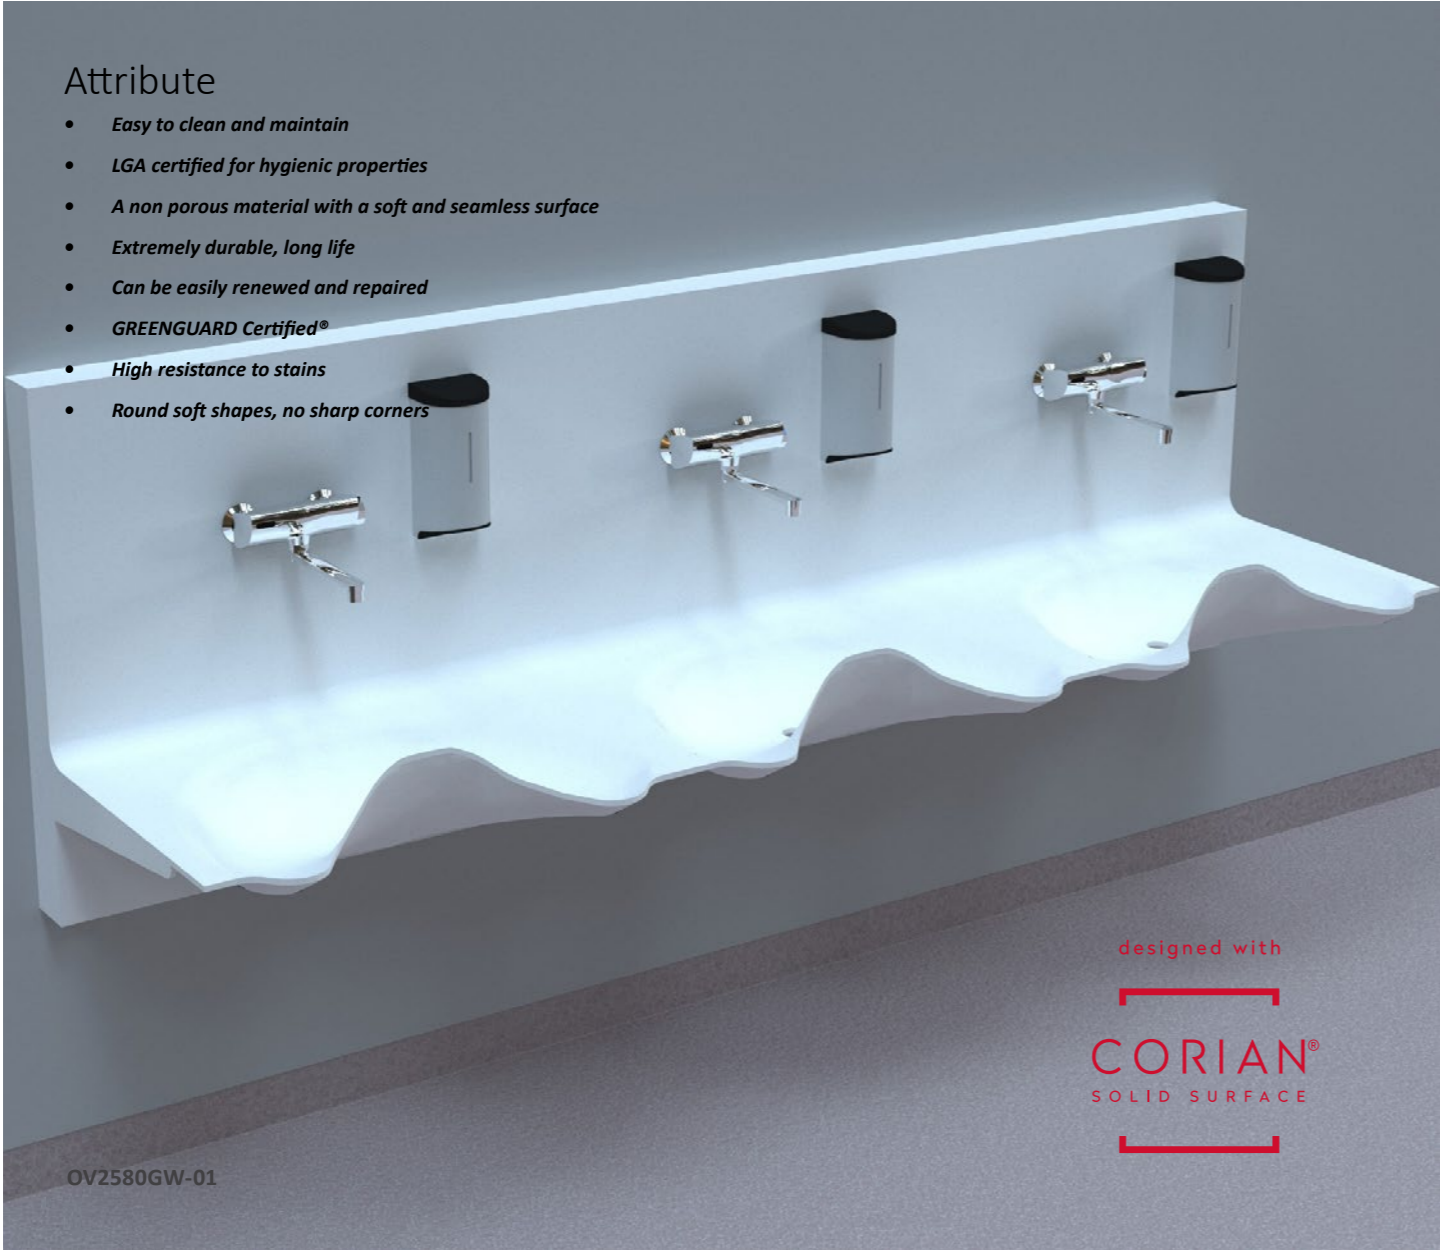

Surgery sink system 01

The sinks are intended for use in operating theaters and laboratories where the highest demands are placed on hygiene and function. They are available in 1, 2 and 3 sinks that are placed directly against the finished wall with simple connection of the piping. Round shapes make the cleaning easy. The washbasins are made of Corian® Solid Surface in Glacier White colour. The brackets are made of stainless steel. OV 01 offers space for VA connection behind rear wall mounted wall panel.

SOLID SURFACE

Corian® Solid Surface in healthcare environments

Noas Sweden also does cladding of surgery rooms in Corian® Solid Surface, as well as reception desks, collision protection rails, wash basins and more for hospital projects.

The unique structure of Corian® Solid Surface makes it an ideal choice for the design of healthcare facilities.

Corian® Solid Surface creates an inviting aesthetics for lobby and reception areas. Due to its high durability it can handle tough contact with patient beds, wheelchairs and medical equipment.

In public waiting rooms and toilets, Corian® Solid Surface works well, is both easy to clean and renew. Corian® Solid Surface can easily be thermoformed to create an aesthetic and functional environment in food courts and cafeterias.

Using Corian® Solid Surface in the patient center makes it easy to achieve an appealing design that gives patients confidence in cleanliness and attention to care.

The design flexibility of the material makes it easy to create hospital stations that are specially adapted and functional.

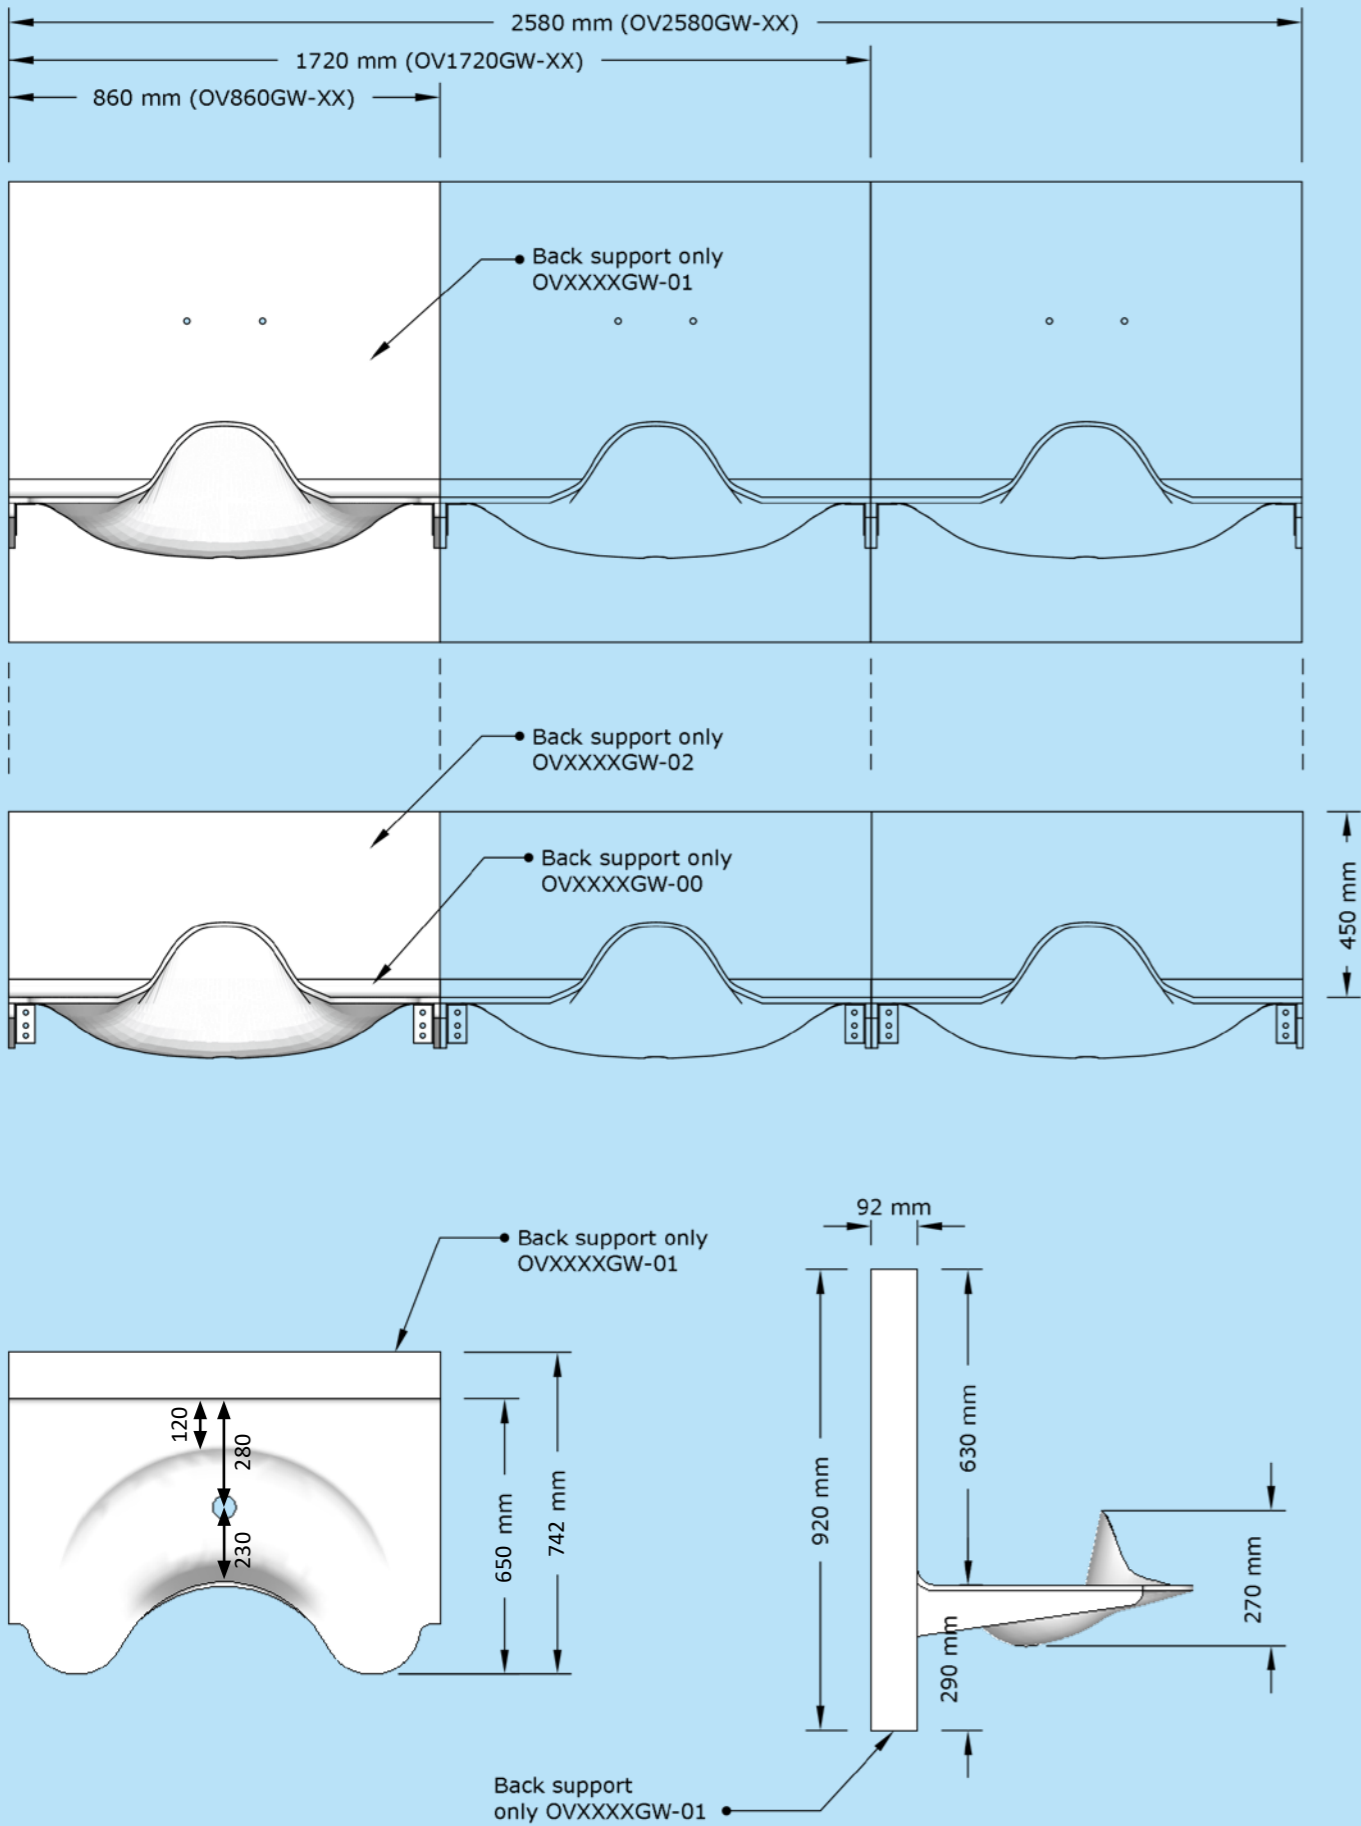

Corian® Solid Surface is available in many fun and vibrant colors. They are good to use for pediatric purposes in order to stimulate children's development while at the same time providing the hygienic benefits.

Dimensions

Material

Corian® Solid Surface

Corian® Solid Surface work everywhere — it is an ideal choice for architects and designers specializing in healthcare, food service, hospitality, office buildings and schools.

Healthcare design's first priority is to prevent infection. The surfaces you specify play a critical role in helping you create safer healthcare environments.

The nonporous nature Corian® solid surface material can help healthcare architects and designers create spaces that, with proper cleaning, fit the needs of their installations.

Corian® Solid Surface meets the high expectations of the most demanding healthcare environments. With unlimited potential for surfaces in public spaces, operating room walls, scrub rooms, showers basins and baseboards, Corian® Solid Surface is:

Easy to clean and maintain. When properly cleaned, Corian® Solid Surface does not support the growth of mould and mildew.

LGA certified (stability against bacteria and fungi according to European standard DIN EN ISO 846).

A nonporous surface with a smooth, seamless appearance.

Extremely durable and long-lasting, standing up to hard knocks in high-traffic environments that can easily damage other surfaces, such as drywall and laminate.

Easily renewed and repaired.

GREENGUARD Certified® as low VOC-emitting material.

Stain resistant

Noas Sweden® is an Industrial Partner of the Corian® Quality Network giving end customers the assurance that products meets all the tough requirements set by DuPont, the producer of Corian® Solid Surface and the exclusive owner of Corian® registered trademark.

Noas Sweden® is also a member of the Corian® Design Collaborative program, including selected companies able to provide high quality finished products made with Corian® Solid Surface.

Products included in the Corian® Design Collaborative program are associated to the “designed with Corian® Solid Surface” logo.

All products are developed in close cooperation with healthcare professionals and suppliers.

Corian® and the “designed with Corian® Solid Surface” logo are a registered trademark and copyrighted material of DuPont. Only DuPont produces Corian® Solid Surface.
