Washbasin Water-Play

Attribute

- **Easy to clean and maintain**
- **LGA certified for hygienic properties**
- **A non porous material with a soft and seamless surface**
- **Extremely durable, long life**
- **Can be easily renewed and repaired**
- **GREENGUARD Certified®**
- **High resistance to stains**
- **Round soft shapes, no sharp corners**
- **Warrenty: 2 years**

The washbasin Water-Play, with two levels, is suitable for preschool, school and other similar environments that place high demands on sustainability and hygiene where children are staying. The product is made of Corian®, with the color Glacier White, which gives a soft impression with its soft and fine shapes and reduces the risk of injury. This shallow wash gutter makes it easier for children to reach mixers, while allowing space for play and with the built-in height difference between the basins, children also have the opportunity to create waterfalls.

Supplied with tap holes drilled in 35 mm and bottomvalves in 40 mm. Wall brackets are included.

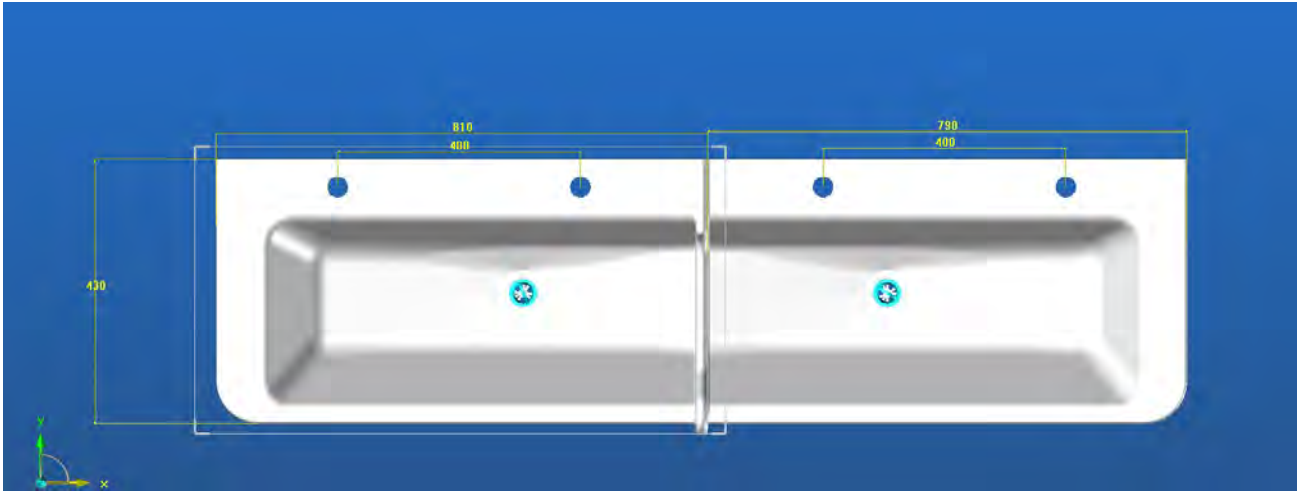

The product is environmentally assessed with the best rating.

TR1600GW-430-4 -2 levels

	<i>TR1600GW-430-4</i>		
RSK number		755 09 23	
Hight	Level 1: 150 mm	Level 2: 150 mm	Sum: 250 mm
Depht:	430 mm

Material

DuPont™ Corian®

DuPont™ Corian® works everywhere. The material that architects and designers choose who specialize in school, restaurant, public spaces, offices and healthcare.

DuPont™ Corian® is a solid non-porous, homogeneous surfacing material. Corian are durable and hygienic and offer the unique ability to renew the surface from damage by polishing out any scratches or wear and tear without removal of the unit.

DuPont™ Corian® solid surface meets the high expectations of the most demanding school environments. With unlimited potential for surfaces in public spaces like schools and other public places, Corian® is:

Easy to clean and maintain. When properly cleaned, Corian® does not support the growth of mould and mildew

LGA certified for hygienic properties (stability against bacteria and fungi according to European standard DIN EN ISO 846).

A nonporous surface with a smooth, seamless appearance.

Extremely durable, withstands tough shocks in trafficy environments that would otherwise have damaged other materials, such as porcelain, laminate or stainless steel.

Easily renewed and repaired.

GREENGUARD Certified® as low VOC-emitting material

Stain resistant

We are a part of DuPont™ Corian® Quality Network giving end customers the assurance that products meets all the tough requirements set by DuPont.

All products are developed in close cooperation with school environment professionals and suppliers.
