	OV860GW-00	OV1720GW-00	OV2580GW-00
Width	860 mm	1720 mm	2580 mm
Depht	650 mm		
Hight (sink)	270 mm		
Depht (sink)	~140 mm		
Material	DuPont™ Corian® Glacier White		
Weight	~1,70g/cm3		
Static load	150kg		

OV860GW-00

ATTRIBUTE

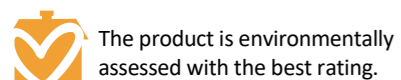

- Antibacterial
- LGA certified for hygienic properties
- A non-porous material with a soft seamless surface
- Extremely durable, long life
- Can be easily renewed and repaired
- GREENGUARD Certified®
- High resistans to stains
- Easy to clean and maintain

Dimensions

Material

DuPont™ Corian®

Corian® solid surface works everywhere - it is the material chosen by architects and designers who specialize in healthcare, school, restaurant, public spaces and offices.

For healthcare, the highest priority of design is to prevent infections. The surface material and construction chosen plays an important role in creating a safe healthcare environment.

The pore-free material and the possibility of joint-free constructions together with the certified properties that Dupont™ Corian® has, help architects who work towards healthcare to meet the requirements together with the right cleaning.

In addition, Noas Sweden's operating sinks have a sink that is thermoformed, which gives a surface completely without joints. The construction makes the sinks easy to clean and install. Dupont™ Corian® solid surface meets all requirements and expectations from the most demanding healthcare, school and preschool environments. With close to unlimited potential, the material possesses, among other things, the following properties:

Easy to clean and maintain. When cleaning according to regulations, bacteria and dirt cannot get a foothold on the surface.

LGA certified for hygienic properties (resistance to bacteria and fungi according to European standard DIN EN ISO 846).

A non-porous material with a soft and seamless surface.

Extremely durable and durable, withstands hard shocks in busy environments that would otherwise have easily damaged other materials such as porcelain, laminate or stainless steel.

Can be easily renewed and repaired.

GREENGUARD Certified® as a low VOC-radiant material

High resistance to stains

NOAS SWEDEN® is part of the DuPont™ Corian® Quality Network. This gives the end customer a guarantee that the products meet the strict requirements set by DuPont.

All products are developed in close collaboration with professional healthcare professionals.
